

# CUPW 730 ORGANIZING COMMITTEE MEETING

**WEDNESDAY, JANUARY 27, 2021 – 7:00PM  
VIA ZOOM VIDEO CONFERENCE (PC/SMARTPHONE)**

Our local Organizing committee welcomes the participation of all CUPW members interested in empowering and mobilizing our workfloors through direct action. Only elected committee members have voting rights at these committee meetings; all other attending general members (in-good-standing) are encouraged to contribute and add their voice.

## **AGENDA:**

### **1. National Collective Bargaining Campaign – Preparing For 2022**

The primary focus of the meeting will be to discuss, and support, the rollout of a new National organizing campaign starting this February to prepare our union for the next round of collective bargaining. Our local will need at least 25 members, representing each major facility to make sure we will have a strong enough network to properly prepare for negotiations. If you are interested in actively helping our local build up our negotiation leverage and strike capacity, we are encouraging you to join us for this meeting. Affiliate, RSMC and Urban members are all needed to make this campaign a success!
